

PROUDLY REPRESENTS

Griswold Controls
Mechanical & controls, automatic & manual balancing, PIC-V, EPIC System, lead-free valves. Coil kits, BTU meters

NuTech
Automatic & manual balancing valves, coil piping packages, lead-free valves, hose kits

Vortisand
High efficiency submicron filtration systems for open cooling towers or closed loop systems.

Rovanco Piping Systems
Pre-insulated underground & containment piping systems. Leak detection.

Unisource Mfg
Bellows, expansion compensators & joints, nested U-loop, V-loop, stainless steel & bronze braided flexible connectors.

Duraflex
Bellows, expansion joints, stainless steel & bronze braided flexible connectors, tubing, & hose assemblies.

Flex-Weld / Keflex
Bellows, expansion compensators & joints, stainless steel & bronze braided flexible connectors, and pipe guides.

Hydroflex
Domestically produced stainless steel braided flexible connectors.

FlowCon International
Pressure independent & control valves. Adjustable automatic flow limiting

Bonomi North America
High performance ball & butterfly valves with optional positioner & actuation packages.

Bray
Specialty HVAC valves, high performance butterfly valves, ball valves & control valves.

Quadax
Four-offset high performance butterfly valves, industrial valves for steam and industrial applications.

Delta Cooling Towers
Modular, open & closed loop, corrosion proof, biofilm resistant cooling towers.

Griswold Water Systems
Centrifugal separators, chemical pot feeders

Pipe Shields
Pre-Insulated pipe supports, guides, and anchors.

SWEP
Braided plate heat exchangers for HVAC, refrigeration.

Duo-Aire
Commercial kitchen ventilation & utility distribution systems

ammark Corp.
Thermostatic hydronic flow control valves for HW, CHW, & Steam.
