

Griswold Controls

Mechanical & controls, automatic & manual balancing, PIC-V, EPIC System, lead-free valves. Coil kits, BTU meters.

Vortisand

High efficiency submicron filtration systems for open cooling towers or closed loop hydronic systems.

Badger Meter

Flow & BTU meters: Digital ultrasonic, inline electromagnetic. Mechanical insertion, nutating disk, oval gear.

Flex-Weld / Keflex

Bellows, expansion compensators & joints, stainless steel & bronze braided flexible connectors, and pipe guides.

Delta Cooling Towers

Modular, open & closed loop, corrosion proof, biofilm resistant cooling towers.

DuraValve

Brass & stainless steel ball valves, butterfly valves, pneumatic and electric actuators, and actuated assemblies.

Bonomi North America

High performance ball & butterfly valves with optional positioner & actuation packages.

Bray

Specialty HVAC valves, high performance butterfly valves, ball valves & control valves.

General Water Systems

Centrifugal separators, chemical pot feeders.

Pipe Shields

Pre-Insulated pipe supports, guides, and anchors.

NuTech

Automatic & manual balancing valves, coil piping packages, lead-free valves, hose kits.

Rovanco Piping Systems

Pre-insulated underground & containment piping systems. Leak detection.

Unisource Mfg

Bellows, expansion compensators & joints, nested U-loop, V-loop, stainless steel & bronze braided flexible connectors.

Hydroflex

Domestically produced stainless steel braided flexible connectors.

Duraflex

Bellows, expansion joints, stainless steel & bronze braided flexible connectors, tubing, & hose assemblies.

FlowCon International

Pressure independent & control valves. Adjustable automatic flow limiting.

Quadax

Four-offset high performance butterfly valves, industrial valves for steam and industrial applications.

Net Zero Water

Commercial rainwater harvesting and gray water treatment systems.

SWEP

Braided plate heat exchangers for HVAC, refrigeration.

ChamFlex

"Class A fire rated" hoses designed for water source heat pump, fan coil, VAV, and chilled beam applications.
