

Griswold Controls
Mechanical & controls,
automatic & manual balancing,
PIC-V, EPIC System, lead-free
valves. Coil kits, BTU meters.

Rovanco Piping Systems
Above & below ground pre-
insulated foam, high-temp conduit,
double wall containment and
flexible pre-insulated PEX & HDPE
piping, pre-fabricated manholes &
leak detection.

NuTech
Automatic & manual balancing
valves, coil piping packages,
lead-free valves, hose kits.

Badger Meter
Flow & BTU meters: Digital
ultrasonic, inline electromagnetic.
Mechanical insertion, nutating disk,
oval gear.

Vortisand
High efficiency submicron
filtration systems for open
cooling towers or closed loop
hydronic systems.

Delta Cooling Towers
Modular, open & closed loop,
corrosion proof, biofilm resistant
cooling towers.

FlowCon International
Pressure independent &
control valves. Adjustable
automatic flow limiting.

General Water Systems
Centrifugal separators, chemical
pot feeders.

Unisource Mfg
Bellows, expansion
compensators & joints, nested
U-loop, V-loop, stainless steel
& bronze braided flexible
connectors.

Flex-Weld / Keflex
Bellows, expansion compensators
& joints, stainless steel & bronze
braided flexible connectors, and
pipe guides.

Duraflex
Bellows, expansion joints,
stainless steel & bronze
braided flexible connectors,
tubing, & hose assemblies.
